

Whale Dive Centre — Soft Handover

Tanggal: 12 Juli 2026 (update lanjutan)

Website: <https://whaledivecentre.com>

Status: Soft handover ready

Commit: 847fb41 · branch local/polish-20260711 · CSS 2.3.94

1. Ringkasan Status

Website Whale Dive Centre sudah live dan siap soft handover ke client.

Core flow yang sudah jalan:

- Public site: homepage, courses, equipment, about/contact compact, blog, 404 bilingual.
- Member area: register (/register/), login (/login/), dashboard, my courses, my gear, settings, giveaway claim.
- Commerce: harga publik; CTA Daftar/Beli login-gated; order WA-first + upload bukti TF.
- Admin: WDC Site (konten + menus/links + partners media picker) + WDC Members (ops member/request/giveaway/payment settings).
- Bilingual chrome custom: ID default + /en/ (EN UI chrome). Isi artikel tidak auto-translate.
- Giveaway: cek ongkir eksternal + cek resi eksternal + upload SS + transfer exact.
- Navbar + footer link lists admin-editable (WDC Site → Menus / Links).
- Partner logos admin-editable lewat Media Library picker.

Status rekomendasi: Soft handover ready. Residual client-owned: rekening bank TF, SMTP inbox test (opsional), konten final (crew/testimonial/harga/stok).

2. URL Utama

Live site: <https://whaledivecentre.com>

Local preview: <http://168.144.37.19:8088>

- **Homepage ID:** <https://whaledivecentre.com/>
- **Homepage EN:** <https://whaledivecentre.com/en/>
- **Courses:** <https://whaledivecentre.com/courses/>
- **Equipment:** <https://whaledivecentre.com/equipment/>
- **About:** <https://whaledivecentre.com/about/>
- **Contact:** <https://whaledivecentre.com/contact/>
- **Blog:** <https://whaledivecentre.com/blog/>
- **Member Login:** <https://whaledivecentre.com/login/>
- **Member Register:** <https://whaledivecentre.com/register/>
- **EN Login:** <https://whaledivecentre.com/en/login/>
- **EN Register:** <https://whaledivecentre.com/en/register/>
- **Legacy register redirect:** /member-register/ → /register/
- **404 example:** <https://whaledivecentre.com/en/aaa>
- **Maps:** <https://maps.app.goo.gl/7A3Yo7gsaDCcS6xZ6>
- **Cek Ongkir:** <https://berdu.id/cek-ongkir>
- **Cek Resi:** <https://cekresi.com/>

3. Kontak & Brand yang Aktif

- **Email admin:** whaledivecentre@gmail.com
- **WhatsApp / telepon display:** 0821-2666-611
- **WhatsApp digits:** 628212666611
- **Instagram:** <https://www.instagram.com/whaledivecentre.id/>

- **Alamat:** Jl. Tanah Kusir II No.3, Kebayoran Lama, Jakarta Selatan 12240
- **Google Maps:** <https://maps.app.goo.gl/7A3Yo7gsaDCcS6xZ6>
- **Jam operasional (compact):** Senin–Sabtu, 09:00–18:00 WIB / Mon–Sat, 09:00–18:00 WIB

Catatan: public site tidak hard-sell lewat floating WA sebagai sales pitch. Contact form + member/login-gated flow lebih diutamakan. Float WA tetap ada di mu-plugin untuk akses cepat.

4. Flow Customer / Member

A. Register

1. Buka `/register/` (EN: `/en/register/`). Legacy `/member-register/` otomatis redirect.
2. Isi data akun lalu buat akun.
3. Setelah sukses, member masuk dashboard.

B. Login

1. Buka `/login/` (EN: `/en/login/`).
2. Masukkan email/username + password.
3. Diarahkan ke `/dashboard/`.
4. Header public otomatis ganti tombol **Masuk** → **Dashboard** (cookie flag `wdc_member_ui`).

C. Daftar kursus / beli gear (login-gated)

1. Browse catalog public (harga terlihat, label “Harga mulai”).
2. Klik Daftar/Beli → jika belum login, diarahkan ke login.
3. Setelah login, isi request/checkout sesuai flow.
4. Upload bukti TF bila diperlukan; status muncul di member dashboard.

D. Request bantuan kursus / gear

1. Login → My Courses (`/my-courses/`) atau My Gear (`/my-gear/`).
2. Isi form request / fitting.
3. Admin melihat di WDC Members → Course Requests / Gear Requests.

E. Giveaway claim

1. Login → dashboard giveaway section.
2. Pilih item, isi alamat/penerima.
3. Cek ongkir di <https://berdu.id/cek-ongkir> (asal: label origin admin).
4. Upload screenshot cek ongkir + input nominal + kurir.
5. Transfer ongkir exact sesuai SS, upload bukti TF.
6. Admin verifikasi → isi resi → member cek tracking lewat cekresi.com.

F. Settings akun

1. Login → `/settings/`.
2. Update nama, phone/WA, catatan gear, emergency contact.
3. Level diver otomatis dari kursus tertinggi (auto).

5. Flow Admin / Crew

Admin WordPress punya 2 group menu utama:

- **WDC Site** — konten public (hero, about, contact, crew, testimonials, CTA, partners, menus/links).
- **WDC Members** — ops member (dashboard, member list, course/gear requests, giveaway orders, payment settings).

A. Konten site (WDC Site)

1. Login wp-admin.
2. Buka WDC Site.

3. Edit section yang dibutuhkan.
4. Simpan. Hard refresh browser (Ctrl+F5) karena LiteSpeed cache HTML/CSS sampai 7 hari.

B. Menus / Links (baru)

1. WDC Site → **Menus / Links**.
2. Atur:
 - Navbar links
 - Footer kolom 1 title + links (default Jelajahi)
 - Footer kolom 2 title + links (default Kursus)
3. Format per baris: Label | URL atau navbar Label | URL | navkey.
4. Save → Ctrl+F5 di frontend.

Contoh:

Beranda | / | home
Kursus | /courses/ | courses
Tentang | /about/ | about

C. Partners / Trust (media picker)

1. WDC Site → Partners / Trust.
2. Klik **Pilih dari Media** (Media Library), bukan ketik filename.
3. Atur nama partner + baris logo.
4. Save → cek homepage trust bar.
5. Logo partner sudah ada di Media Library (NAUI/TDI/DAN + brand gear).

D. Member List

1. WDC Members → Member List.
2. Cek data member, completed courses meta, status request/order.

E. Course / Gear Requests

1. Buka Course Requests atau Gear Requests.
2. Update status + admin note.
3. Member melihat status terbaru di area member.

F. Giveaway Orders

1. WDC Members → Giveaway Orders.
2. Tombol cepat: Cek Ongkir (berdu.id) + Cek Resi (cekresi.com).
3. Review SS ongkir + bukti TF.
4. Verifikasi pembayaran → set status shipped + isi no. resi.
5. Member melihat progress + link cek resi.

G. Giveaway Settings

1. Set link Cek Ongkir: <https://berdu.id/cek-ongkir>
2. Set link Cek Resi: <https://cekresi.com/>
3. Set label asal pengiriman (contoh: Jakarta Selatan).
4. Biteship field boleh kosong (flow saat ini external manual).

H. Payment Settings

1. Isi rekening bank TF (sumber tunggal bank accounts).
2. Jangan ubah Midtrans/live payment config tanpa approval.
3. Saat soft handover, rekening masih client-owned residual.

6. Bahasa (ID / EN)

Strategi final soft handover: custom bilingual chrome only.

- ID = default path (/).
- EN = prefix path (/en/).
- Switcher di header (ID | EN).
- UI chrome (nav, button, kicker, about values titles, contact labels) ikut bahasa.
- Isi artikel/blog body = bahasa tulisan post (tidak auto-translate).
- Polylang dicoba lalu dicabut; jangan reinstall kecuali client minta EN body penuh.

Helper penting: `wdc_site_tr()` agar admin text ID tidak menimpa EN chrome defaults.

Tombol header: guest = Masuk/Login; logged-in = Dashboard (cookie flag non-HttpOnly `wdc_member_ui=1` melawan LiteSpeed guest cache + WP HttpOnly auth cookie).

7. Design & UX Rules

- Palette brand only: #000000 #3B44AC #4CC8ED #96DAEA #C31C4A #004A98 #FFFFFF.
- Font UI: Plus Jakarta Sans.
- Primary button #004A98; hover #3B44AC; danger #C31C4A.
- Mobile + tablet drawer: hamburger $\leq 1099.98\text{px}$; full menu $\geq 1100\text{px}$.
- Auth pages: no public header/footer; kicker badge dihapus (lebih clean).
- Member page heads: `.wd-page-head` / `.wdc-section-title`.
- Public prices OK; action Daftar/Beli login-gated.
- Contact page form + info cards match About compact layout.
- 404 page bilingual clean card (Back to Home / Explore Courses / Contact Crew).

8. Yang Sudah Selesai (Soft Handover Scope)

- Public catalog + about/contact compact redesign (contact = same form/card style as about).
- Member login/register polish (compact fields, password eye, no kicker badge).
- Canonical register slug `/register/` (+ legacy redirect).
- Member hubs: dashboard, my-courses, my-gear, settings.
- Giveaway checkout 2-col + external ongkir/resi.
- Admin ops pages full-width, menu bersih (no emoji decorative).
- Bilingual custom chrome ID/EN + live deploy.
- Google Maps shortlink updated.
- 404 bilingual page.
- Nav member button cookie-aware across language switch (`wdc_member_ui`).
- Partners / Trust media picker + logos di Media Library.
- Navbar + footer link lists admin-editable (Menus / Links).

9. Residual Client-Owned (Bukan Blocker Dev)

1. Isi rekening bank di Payment Settings.
2. Validasi final konten: crew, testimonials, info pages, harga, stok gear.
3. Opsional: SMTP transactional agar email contact/request lebih reliable.
4. Opsional nanti: full EN article bodies (Polylang/manual pair) kalau target turis serius.
5. Opsional: Midtrans auto payment jika ingin non-WA checkout full.

10. Cara Update Konten Harian

Edit teks/section site

1. wp-admin → WDC Site.
2. Ubah field yang perlu.
3. Save → hard refresh frontend (Ctrl+F5).

Edit navbar / footer links

1. WDC Site → Menus / Links.
2. Edit list Label | URL → Save → Ctrl+F5.

Edit partner logos

1. WDC Site → Partners / Trust.
2. Pilih dari Media → Save → cek homepage.

Edit blog

1. Posts → Add/Edit.
2. Publish.
3. EN body butuh post EN terpisah (belum auto).

Edit kursus / equipment

1. Kelola CPT terkait di admin.
2. Pastikan harga & deskripsi final.
3. CTA copy bisa di-override lewat WDC Site bila tersedia.

Cache note

LiteSpeed server cache HTML+CSS max-age 7 hari. Setelah CSS/theme change, bump version sudah dilakukan dev; client cukup Ctrl+F5. Kalau masih stale, purge LiteSpeed cache di cPanel bila ada akses.

11. Checklist Acceptance Soft Handover

- ■ Homepage ID/EN load normal.
- ■ Courses/Equipment catalog tampil, harga terlihat.
- ■ Login/register member berhasil (/login/, /register/).
- ■ Dashboard member tampil setelah login; header public jadi Dashboard.
- ■ About + Contact compact form/cards match.
- ■ Contact form submit (cek inbox jika SMTP sudah siap).
- ■ Course/Gear request masuk admin.
- ■ Giveaway claim → SS ongkir → TF → admin verify → resi.
- ■ 404 page muncul untuk URL random.
- ■ Switch ID↔EN: chrome berubah, logged-in tetap Dashboard.
- ■ Menus / Links admin mengubah navbar + footer.
- ■ Partners / Trust media picker mengubah logo homepage.
- ■ Payment Settings diisi rekening client.

12. Technical Reference

- **Live domain:** <https://whaledivecentre.com>
- **Local preview:** <http://168.144.37.19:8088>
- **Theme path live:** /home/whalediv/public_html/wp-content/themes/theme-travel-master
- **Theme repo local:** /root/projects/whaledivecentre-theme
- **Git branch:** local/polish-20260711
- **Latest commit:** 847fb41
- **Public CSS version:** 2.3.94
- **Deploy method:** cPanel Fileman binary upload + MD5 verify
- **Float WA:** mu-plugin-wa-float.php
- **Bilingual engine:** contenly_tr + /en/ + wdc_site_tr
- **Member UI cookie:** wdc_member_ui=1
- **Menus options:** nav_links, footer_explore_links, footer_course_links

- **Partners option:** partners (Name|id:123 / file / URL)
- **Giveaway ongkir option:** wdc_giveaway_external_ongkir_url
- **Giveaway resi option:** wdc_giveaway_external_resi_url

Push policy: hanya branch local/polish-20260711. Jangan force push main.

13. Statement Handover (siap dikirim client)

Website Whale Dive Centre sudah live dan soft handover ready. Public catalog, member login/register, request kursus/gear, giveaway + cek ongkir/resi eksternal, admin ops, about/contact compact, bilingual chrome ID/EN, 404, partner logos via Media Library, serta admin editor navbar/footer links sudah berfungsi. Residual di sisi client: isi rekening TF di Payment Settings, validasi konten final, dan opsional setup SMTP/strategi EN konten penuh.
